

## // MESSAGE FROM THE CHIEF

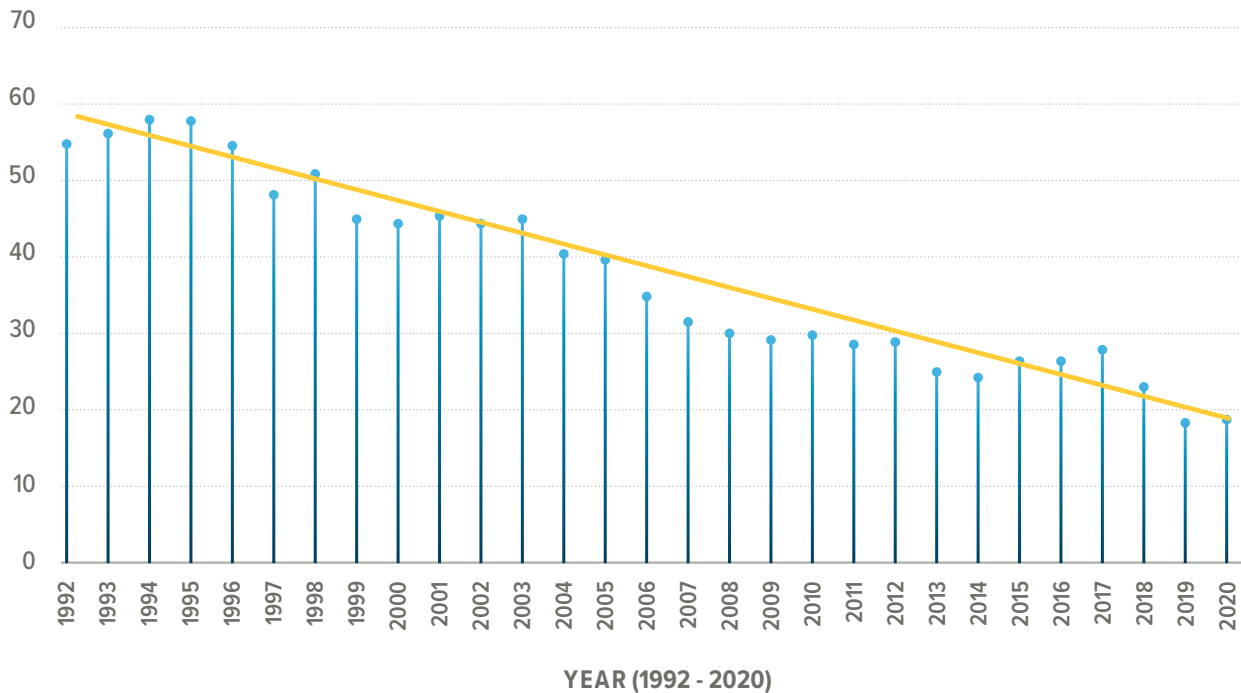

Crime in Boise has been on a downward trend for years and is among the lowest in the nation. Boise remains an incredibly safe city and we have made crime rates for comparable cities available [here](#). I am more grateful than ever for the exceptional department and community in which I am privileged to be a member. Boise Police officers have spent years committed to adapting and adjusting based on the needs of the community and we will continue to be there to keep Boise safe long into the future.

## // 2021 TRENDS

## // DID YOU KNOW

### USE OF FORCE

A Boise Police officer should never employ unnecessary force or violence and shall only use force when objectively reasonable. Around .05% of Boise Police contacts last year involved force. We have a rigorous review process for each incident, and we have clear standards on when force can be used.

### BODY-WORN CAMERAS

All uniformed officers are required to wear body-cameras. Officers record all investigative enforcement contacts, prisoner transports, persons complaining of officer conduct, or when a contact is anticipated to be confrontational in nature, unless an articulated reason justifies otherwise. Video is reviewed on all complaints and use of force reports.

### NO QUOTA SYSTEM

BPD does not have quotas for citations or arrests.

### OFFICE OF POLICE ACCOUNTABILITY

The purpose of the Office of Police Accountability is to provide independent external civilian oversight of police conduct separate from the internal oversight conducted by BPD. It is completely independent of the Boise Police Department and answers directly to the Mayor and City Council.

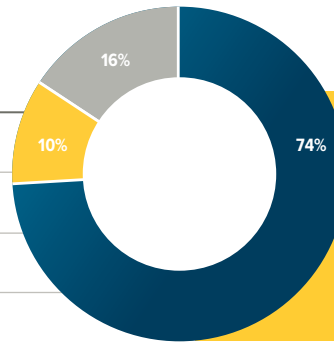

### BETTER TOGETHER

In order to best serve our citizens, they must have a seat at the table. That is why we meet regularly with community panels, religious organizations, schools, hospitals, non-profits, and other community-based organizations. These relationships help foster dialog, better practices, and build trust with our community.

## // BUDGET INFORMATION

### FY21 BPD EXPENDITURES

|   |              |
|---|--------------|
|  Personnel                    | \$51,999,598 |
|  Indirect Cost Reimbursement | \$10,935,794 |
|  M & O                      | \$7,306,538  |
| Grand Total   | \$70,241,930 |

### M&O COSTS

|                                 |             |
|---------------------------------|-------------|
| Fleet/Fuel                      | \$1,194,953 |
| Cell Phones/Uniforms            | \$728,832   |
| Software/System Maintenance     | \$628,879   |
| Risk and Workers Comp Insurance | \$1,405,296 |
| Travel/Training                 | \$336,363   |

A large part of BPD's budget is a set cost that is spent on Personnel. The next large amount, labeled indirect cost reimbursement, is another set cost that is paid back to the city for services such as human resources, IT and legal support. The 10% left over is for Maintenance & Operations and what we use to pay for everything else including fleet, training, equipment and as well as Risk and Workers Comp Insurance.
